## THE BAZAAR.

The Bazaar, given at the Opera House on Wednesday night last, by the ladies of St. James' Church, for the benefit of the church, was a perfect success. A large crowd was in attendance, and all enjoyed themselves finely. The hall was tastefully decorated, with evergreens, flowers, and lace curtains with blue, red and pink back grounds. Temporary counters were improvised on either side, and upon these and the walls, which were also beautifully decorated, the goods and wares were displayed in a manner which demonstrated the fact that ladies would make the finest shop keepers in the world. The entire columns were decorated with evergreens, bunting, and flowers. The whole presented the appearance of a cozy drawing room, and was lighted with lights of different colors, which showed the goods, as well as the charming clerks off to an advantage. A great variety of merchandise was displayed, which found ready sale. A splendid supper was also furnished, which was presided over by several experienced matrons. Excellent music was furnished at intervals, lead by Mrs. A. T. McNeal. Exquisite taste, as well as a good deal of tedious labor, was manifested in the arrangement of everything, and the ladies merit praise for its success. It was a pleasant social gathering, and will long be remembered as a most enjoyable occasion. The sum of \$150.25 was taken in.

Mr. Editor:—As your valuable paper is read by so many of our good County people, I presume they would like to know something of our corner. We claim to be abreast with any portion of our County, save the Capital, Bolivar. We are quite sober, religious, and enthusiastic over the amendment to the constitution, looking to prohibition in the near future, so that the yeomanry of this great State can denigrate the hydra-headed monster. I formed an alliance at Hopewell Church, this county, yesterday evening with 16 members. G. J. Leath, President; J. C. Dickson, vice-President; A. E. Ferguson, Secretary; Miss Alice Dickson, Treasurer; Solicitors for the Issue, Miss Laura Smith, Miss Mary Ferguson.

EDITOR BULLETIN:—The first day of May was celebrated at the Institute by crowning a May Queen. Mary McHenry, a little girl of ten years, was elected, she looked very beautiful on her throne wreathed in flowers as her subjects came forward and presented their gifts. The "Maids of Honor" were also beautiful, as they sat, one on the right the other on the left, of their Noble Queen, laden with flowers and garlands.

After the exercises of crowning the Queen was over, the School and spectators repaired to the woods (by selection of the Queen) for dinner and there they all found supper. Mary McHenry was served our estimable teacher Prof. E. A. Fusch, called the school to order, and after an address appropriate for their regalia closing exercises of the "Seismogunni Circle" society, which was composed of recitations, compositions, etc., which were delivered fluently, and after the cheers of the spectators, school was dismissed. The young people of town were then given an entertainment at the residence of Esq. J. P. Ferguson, where was spent a pleasant evening, and the hospitable host, and hostess, as usual made their guests spend it as pleasantly as possible. Thus ended the pleasant May-day which will long be remembered by those present. Spectator.

## RELIEF!

EDITOR BULLETIN:—We have just had "a big meeting." "A revival" in school interests. We have attended many Teachers Institutes, but we have never witnessed so much enthusiasm and fun mingled together in a meeting of teachers. The Institute opened on Friday, 23, inst at 2 p.m. The following teachers were present: Supt. T. S. Minter, Chairman, F. M. Malone, Secretary, Prof. H. A. Dean, of "Iuka Normal Institute," Mrs. W. H. Horton, Superintendent, of Memphis, Miss Sadie Cannon, Shelby county, Miss Kate Harvey, Iuka, Miss, together with the following teachers from this county, J. R. Windes, and wife, Saulsbury, Miss Fannie Norment, Saulsbury, H. J. Fusch, Grand Junction, E. A. Fusch, Hickory Valley, M. Rose, Cloverport, Miss Bettie Lowe, Saulsbury, Miss Adelia Prewitt, Grand Junction, Esq. J. W. Wilson, Esq. W. T. P. Thompson, Miss Cera Wilson, Mrs. Mollie Elexander, Miss Sallie Hudson, Mr. Jos. Street, and many visitors from the neighboring towns. On motion Mrs. Horton took the chair for the evening. After some preliminary work necessary to the organization of the Teacher's Reading Circle, the work of the Institute was commenced by Prof. E. A. Fusch, who presented his method for teaching "writing and spelling." The lively discussion of this question occupied the house till it adjourned at 5 p.m. At 7 o'clock the Institute was opened with excellent music by Miss Norment. The first subject of discussion was "Co-operation of Teacher with parent" by Prof. Rose. The subject was ably handled and its discussion showed the evils resulting from a non-co-operation in this particular. The evident earnestness of Prof. Rose lends peculiar charm to his addresses. The richest pleasure of the evening was the reading of a paper by Miss Cannon, "mind, the throne of reason." The attractiveness of the reader no less than the mellowness of her voice, contributed alike to charm her audience. Saturday morning session was opened by the reading of an essay by Miss Bettie Lowe, "can woman teach?" The next subject of discussion was "Reading," by F. M. Malone. Mrs. Horton followed with a comprehensive summary of the duties of directors, of parents, and their mutual relations. Mrs. Horton's talks are always characterized by homely truths and replete with common sense logic. She always commands great attention. Shelby County should congratulate herself upon having such a live guardian of her educational interests. Prof. Henry Fusch opened the evening session by discussing the qualifications of the "Primary Teacher." The discussion of this question and that of raising the present tax for school purposes by Esquire Thompson occupied the evening. The last session, Saturday night, was ushered in by Prof. Windes, who gave a long lecture on the necessity of "Agricultural Education." It might naturally be supposed that the Institute would lag in interest toward its close. But not so. The irrepressible mirth of the Fusch brothers coupled with their lively performances on the piano, fluted the whole meeting with a flavor of spice and animation.

The following resolution was brought before the Institute and unanimously adopted by a crowded house. "To the Hon. the Superintendent of Public Instruction of the State of Tennessee:

We the teachers of Hardeman are being assembled in an institute this day and feeling a great need of a revival of educational interests in our county, also believing great good can be accomplished by holding one of the three annual State Institutes that are to be held in Tennessee, this summer, at Bolivar, Tenn., which place is quite accessible to adjoining counties in the way of Railroad facilities—do most earnestly solicit and cordially invite your honor to favor us by holding one of said Institutes at said place at such a time as best suits your convenience. Dated, April 24, 1886.

J. R. Windes, M. Rose, F. M. Malone, Committee.

On motion of Mr. H. Fusch, the Institute it is agreed here to be held monthly hereafter. Supt. Minter made it a point to say that in his examinations he should take into consideration whether the applicant is in the habit of attending teachers Institutes, before granting him a license to teach. Hickory Valley on the 28, of May, next, being the time and place of the next Institute, the meeting adjourned.

A Captain's Fortunate Discovery.

Capt. Coleman sch. Weymouth, plying between Atlantic City and N. Y., had been troubled with a cough so that he was unable to sleep and was induced to try Dr. King's New Discovery for Consumption.

It not only gave him instant relief but also cured the extreme nervousness in his breast. His children were similarly affected and a single dose had the same happy effect. Dr. King's New Discovery is now the standard remedy in the Columbia household and on board the schooner.

## CATARH.

WONDERFUL TO RELATE.

"For forty years I have been a victim of catarrh, three-fourths of the time suffering from excruciating pains across my forehead and nostrils. The discharges were so offensive that I hesitated to mention it except for the good of my fellow sufferers. I have spent a young fortune on my evening during my forty years of suffering to obtain relief from the doctors. I have tried patent medicines—every one I could learn of—from the four corners of the earth with no relief. And at last 67 years of age have met with a remedy that has cured me entirely—made me a new man. I weigh 128 pounds and now weigh 146. I used thirteen bottles of the medicine, and the only regret I have is that in the humble walks of life I may not have influence to prevail upon catarrh sufferers to use 'Medicine'."

## MEDICAL MEN!

WHAT TWO PROMINENT PHYSICIANS SAY OF A NOTED REMEDY.

Crawfordsville, Ga., Democrat.

B. B. is without doubt one of the most valuable and popular medicines known to the medical science, and has relieved more suffering humanity than any other medicine since it came into use. It has never failed in a single instance to produce the most favorable results where it has been properly used. Physicians everywhere recommend it as doing all it is claimed to do. The following certificates are from two prominent physicians, who have done a large and successful practice for many years, and upon whose judgment the public can safely rely:

Crawfordsville, Ga., July 15, 1885.

Editor Democrat:—For the past ten years I have been suffering with rheumatism in the muscles of my right shoulder and neck. During this time I have tried various remedies, both patent medicines and those prescribed by physicians. Last summer I commenced using B. B. B., and could see an improvement by the time I had taken one bottle. I have been taking it at intervals since last summer, and can say it is the best medicine for rheumatism I have ever tried. I take pleasure in recommending it to the public.

J. W. Rhodes, A. M., M. D.

Crawfordsville, Ga., July 15, 1885.

Editor Democrat:—About November of last year I had what I supposed to be a catarrh of the eye, and it was very painful. I used local applications, which effected no perceptible good. I commenced the use of B. B. B. and took it regularly, twelve bottles, and in due time the sore healed over, and I now consider it well. I cheerfully recommend it as a fine tonic and alterative medicine.

S. J. Farmer, M. D.

"Meal Bag on a Bean Pole."

My brother has a son that was afflicted with rheumatism in one of his legs until the knee was so badly contracted that he could not touch the ground with his heel and had scrofula. He took only two bottles of B. B. B. and scrofula and rheumatism are both gone.

Mrs. M. A. Eard came to my house the past summer almost covered with carbuncles and boils. I got two bottles of B. B. B. and before she had got through with the second bottle she was entirely well. She was so troubled with swollen feet and ankles, and had been for twenty years. All gone—no trouble with swollen feet now.

I was troubled with bleeding piles since 1859. I used one bottle, and have felt nothing of the kind since taking the medicine. The clothing that I was wearing when I left Atlanta fitted me about the same as a meal sack would a bean pole. I have on the same clothing now, and they are a tight fit.

You can do as you like with this as for me and my household, we think three B's is fully orthodox, and will do to wear by. J. M. Barfield.
